SUN YAT SEN TO INVESTIGATE EXECUTIONS

[Associated Press Cable]
SHANGHAI, China, August 18.—Yuan Shi-Kai, the President of China, is now believed to be attempting to fasten the blame for the execution of the generals alleged to have been conspirators in a plot to disrupt the Republic, upon the shoulders of General Lai Yuen Hing, vice-president of China.

Threats of assassination have been pouring in upon the president, and Doctor Sun Yat Sen is reported to be so intensely indignant at what he regards as the murder of the soldiers, that, disregarding veiled hints and warnings from high quarters, he has left Peking, for the south, where, it is said, he will personally investigate the conditions that led to the dispatching of the generals.

Nor has the internal situation following the killing been the only difficulty which has faced President Yuan Shi-Kai. Protests from foreign countries are said to have added to his embarrassment, and it is reported here that he has been informed that unless assurances are given that never again will such flagrant punishments be resorted to, the foreign government will be forced to take active steps to maintain peace and order in this troubled country.

MEXICAN WOMAN ROBS

CHIEF OF POLICE
JUAZ, Mexico, August 18.—Senora Alana, wife of Colonel Alana, commanding a detachment of rebels stationed in the hills near this city, today rode into town accompanied by ten rebels, held up the chief of police and requisitioned from him a quantity of provisions. They backed the officer into a corner of his house, and while the woman stood guard over him, the men went through the place, loading what they found upon their horses. When the foray was complete the senora backed out of the house, mounted her horse and galloped after her companions. They made their escape.

CAR STRIKE THREATENS.

CHICAGO, August 18.—The long-standing negotiations between the employees and the management of the local car lines have been broken off, it was announced late tonight. The men have filed a formal application, asking that the mayor be called upon to act in their dispute with the companies. The management has declined to answer at once, demanding more time to consider the matter.

ASKS FUNDS THROUGH BANKS.

NEW YORK, August 18.—In order to be better able to keep track of all campaign contributions to all of the three leading parties now in the field, the Democratic national committee tonight issued a request that all sums forwarded for campaign purposes be sent through banks.

QUAKE IN ARIZONA.

WILLIAMS, Arizona, August 18.—A severe earthquake shook this town today, scaring the inhabitants, rattling the windows and smashing the crockery in the houses. No one was injured and the damage so far as can be learned was slight.

GRAND NEPHEW OF

MRS. LELAND STANFORD
JUMPS FROM WINDOW
BOSTON, Massachusetts, August 18.—Daniel Shields Gunning, grand-nephew of Mrs. Leland Stanford, was crushed to death on the pavement below his apartment here last night, when he leaped from the fourth story window of his room in a fit of temporary mental aberration, following a protracted attack of illness.

MAY NOT TRY DARROW.

LOS ANGELES, August 18.—The report is current here tonight, and comes from good authority, that when Attorney Clarence S. Darrow appears before Judge Hutton tomorrow morning for arraignment on the second charge of having bribed a prospective juror in the McNamara trial, the District Attorney would announce the intention of the State of quashing the indictment. Mr. Darrow said tonight that he had not heard anything regarding the rumor, and did not credit it.

SAN FRANCISCO, August 18.

RUSSIAN NAVY NOW IN MUTINY

ST. PETERSBURG, Russia, August 18.—Reports to the war office received here late last night, stating that the sailors of the fleet have mutinied, and are threatening the great naval arsenal of Cronstadt with destruction has thrown the government officials into a state of panic, that is fast spreading to the populace. For a time efforts were made by the bureau to hold the matter secret, but private dispatches conveyed the news before the censorship could check it.

As yet the demands of the sailors and marines, who are said to be led by some officers high in the Czar's service by some of the reports and by a common sailor, by other rumors, are not reported here. It is asserted, however, that the treatment to which

they have been subjected and the quality of the food they have been forced to subsist upon, started the trouble, which, according to the most authentic reports appears to have been brewing for months.

Even since the crushing defeat of the Russian fleet by the Japanese battleships under Admiral Togo, Russian naval authorities have been endeavoring to build up a service that would compare with that of other nations. One result of this has been the introduction of a discipline far more severe than that in use in the army. This has, it is said, made the navy the hotbed of anarchy, and it is believed here to be more than probable that the revolt at Cronstadt is more or less political in nature.

ROOSEVELT OPENS HIS

CAMPAIN WITH BITTER
ATTACK UPON WILSON
BOSTON, August 18.—Theodore Roosevelt opened his campaign in this State last night with a scathing attack upon both Woodrow Wilson and President Taft. He declared that the President is a "dead issue," and criticizes Woodrow Wilson's former policy in public questions severely.

DARROW'S SECOND TRIAL.

LOS ANGELES, August 18.—Clarence S. Darrow, although overwhelmed by letters and messages of congratulation over the verdict of the jury, acquitting him of the charge of having bribed one of the jurymen in the famous trial of J. B. McNamara, must face another charge tomorrow unless District Attorney Fredericks decides it is wise to drop the indictment. Darrow, it will be remembered, was indicted on two counts. His arraignment on the second will take place Monday morning before Judge Hutton.

SIX HUNDRED DIE IN

FOUR-DAY BATTLE
MANAGUA, Nicaragua, August 18.—Six hundred are reported to have been slain in a four-day battle between the federal and rebel forces near here, which ended last night. The reports of the result of the conflict are indefinite, but it is believed the rebels were defeated.

WOMEN WILL HELP TO

MAKE POLITICS CLEAN.
SAYS WOODROW WILSON
SEAGIRT, New Jersey, August 18.—In an address made here yesterday afternoon, Governor Wilson declared that he is heartily in favor of the woman in politics. "She will help to make politics as clean as might be if all the men were as decent as the majority of the women."

CATHERINE'S VICTIM.

SANTA ROSA, August 18.—The coroner last night caused the arrest of Clark, a fifteen-year-old boy, charged with having murdered his father and mother by administering arsenic to their coffins. The boy, confessed the mother died Friday night, and the father, aged sixty years, passed away last night, after fighting for life for hours.
